Location searches in Niedersachsen – made easy:

Three steps to your goal with www.komsis.de

1 Starting your search

Finding locations

Select "Finding locations" on the start page or in the menu and start the search for your ideal business site or commercial property.

Above: Example of a business site search by a logistics company with a minimum plot area and a maximum distance to the transport infrastructure.

The "Extended search by criteria" offers you additional options to narrow down your search. With the "Map search" you can focus your search on specific regions of Niedersachsen.

2 Making a selection

After sending your search request, the results list shows all the commercial real estate meeting your selected criteria. By calling up the detailed profiles from the list, you can directly compare the local offerings and choose the business site or commercial property suiting you best.

No.	Location	Business site	available area	Type of site
1.	Sehnde	"Schmedebruch"- commercial and industrial estate	5.50 ha	✓
2.	Sehnde	Ahlter Feld	6.70 ha	✓
3.	Langenhagen	Airport-Business-Park (entire)	38.30 ha	✓ ✓
4.	Langenhagen	Airport-Business-Park Ost (East)	22.80 ha	✓
5.	Langenhagen	Airport-Business-Park Süd (South) II	7.90 ha	✓ ✓
6.	Stuhr	Brinkum-Süd (South)	7.60 ha	✓ ✓ ✓
7.	Hannover	Business-Park Hannover-Nord	9.60 ha	✓ ✓ ✓
8.	Weyhe	Oeyse - West III	21.00 ha	✓

12.	Seelze	Seelze-Süd	15.00 ha	✓
13.	Hannover	Wissenschaftspark (Science Park)	11.00 ha	✓

Above: Via the red triangles in the title bar of the results list, the list can be sorted, for example according to the available site sizes.

Within the site or property profiles, you can look up facts and figures about the respective town, city or municipality via the link "Location profile". With the help of data on the economic strength, the job market, the location costs, as well as the "soft" location factors, local and regional conditions can be objectively compared.

3 Using the search result

Each result featured comes with extensive information about the geographical position, size, development plan, transport links, transport and supply infrastructure, prices and the provider offering it. Commercial properties enclose photos, aerial photos, floor layouts or site plans.
